PATENT SKELETON PEN.

Quill Holders, with Metallic Points. In boxes of 2 dozen Pens, with Holder to each Box (12 Boxes on Card) ... 48/- per Gross Boxes.

Extract from "ILLUSTRATED LONDON NEWS."

"Improved Steel Pens.—One of the most general objections to the use of Steel Pens is their extreme lightness, a defect which has been effectually prevented in the 'Skeleton' or Metallic Points for Quill Pens, patented by M. Myers & Son, in which the ease and comfort of the Quill is combined with the durability of the Steel Pen."

Charlotte Street Steel Pen Works, Birmingham.

THE NEW REGISTERED READING GLASSES

No. 7

No. 7

These Reading Glasses are made upon an entirely new and improved principle, the metal rim which holds the lens, being made of solid tube, there is no danger of any part coming un-soldered; they are also much stronger, and have a better appearance than the old kind.

7	Brass Frames, Bone Handles, per doz.	1½	2	2½	2½	3	3½	3½	4 in.
